

Adding doubles mixed

Find each sum – use adding doubles:

Example: $3 + 4 = 3 + 3 + 1 = 6$

$4 + 3 = \square$

$93 + 4 = \square$

$1 + 1 = \square$

$8 + 9 = \square$

$3 + 4 = \square$

$4 + 2 = \square$

$1 + 1 = \square$

$7 + 8 = \square$

$4 + 6 = \square$

$7 + 8 = \square$

$2 + 1 = \square$

$5 + 5 = \square$

$3 + 3 = \square$

$3 + 3 = \square$
