Ashley, Bob and Clara are keeping score of the game they are playing. When a player wins a game, that player gets 5 points. If a player loses a game, the player has 3 points taken away. If it is a tie, every player gets 2 points.

- 1 Each of them has 20 points to start with. How many points do they have in total?
- 2 Ashley wins the first game. How many points does Ashley have after the first game?
- 3 Bob wins the second game. How many points does Bob have after the second game? (Hint: remember to count the points Bob gets for the first game!)
