It is almost Christmas. Emma and Jack are decorating the Christmas tree

- 1** Last week, they bought two boxes of ornaments. Each box has 4 red balls. Together with the 9 red balls they bought last year, how many red balls are there?

- 2** Their plastic Christmas tree comes in 3 parts. The bottom part has 8 branches. The middle part has 6 branches, and the top part has 4 branches. How many branches are there in total?

- 3** A string of lights has 16 light bulbs but 8 of them are broken. Jack only has 4 replacement bulbs. How many light bulbs are working?

Answer the following

- 1** In the first basket, there are 7 apples. In the second basket, there are 5 more apples than in the first basket. In the third basket, there are 2 fewer apples than in the second basket. How many apples are in the third basket?
- 2** There are 12 pencils in the first drawer and 7 pencils in the second drawer. If there are a total of 26 pencils, how many pencils are in the third drawer?
- 3** There are 15 toy cars in the toy box. In the second box, there are 8 fewer toy cars than in the first box. If the third box contains 5 more toy cars than the second box, how many toy cars are in the third box?
